TURKISH SUBMARINE

Firing a Shot at Ship.

New York, Nov. 29 .- A Turkish submarine stopped the British passenger ship Barulos in the Mediterranean and after 25 had been drowned, assisted in rescuing many of the 250 passengers who had gone overboard in a panic, said Eleanor Franklin Egan, an eyewitness who arrived yesterday on the steamship New York.

The Barulos, according to Mrs. Egan, who is a writer, returning from a six months' trip through southern Europe, left Piraus for Alexandria on October 2. While the ship flew the British flag her crew was Greek, the passengers, a majority third class, being chiefly Greeks and Orientals. When about five hour and Crete, the ship picked up three boat containing the crew of the British steamship Sailor Prince which had been sunk by a submarine a few hours pre-

rector of Christ Episcopal church, Mont-pelier, was read at the Sunday morning service by Fred E. Gleason, secretary of the parish, the action of their rector coming as a surprise to a great majority of the parisioners. Dr. Flint's resignation, if accepted, will become effective Dec. 31 and for the purpose of taking action on the same, a meeting of the ves-trymen will be held this evening at the parish house.

Dr. Flint received a call from the Church of the Nativity, Crafton, Penn., a town five miles from the city of Pittsburg. The pastor gives as his only reason for leaving the local parish a desire to return to the scene of his first work in the church, he having been located in Pittsburg in executive work before coming to Montpelier.

Dr. Flint has been rector of Christ church over eight years and during his stay in Montpelier has taken an active interest in civic affairs and for the past two years has been secretary of the board the hands of farmers and dealers west of
